

### America Falling City Status Tables

Use this chart to keep track of the ownership status of the cities on the maps. Note that Alexandria, Lake Charles and Little Rock are shown in the lists for both the East and West Maps – but don't count them twice for MP. Use blue and red colored markers to show ownership, or the letters "B" and "R," and X-out a locale that's been nuked. You should photocopy or scan these tables prior to their first use in order to allow for multiple plays.
